Bishop, CA 93514

RESPONSE TO GRAND JURY 2017-2018 REPORT SPECIAL DISTRICTS

With regard to Finding 3: We are wholly in agreement with the finding.

With regard to Finding 4: We are wholly and emphatically in agreement with the finding.

With regard to Recommendation 3: The recommendation has been implemented. Staff studied the IRS site as well as the Social Security Administration site for additional facts. Staff is clear on the designation of and distinction between employees and contractors.

With regard to Recommendation 4: As a voting delegate of EMCC, I requested and received the group's agreement to approach the Inyo County Board of Supervisors with a request to host a county-wide EMS Summit. Scheduled for November 5th, 2018 in Lone Pine at Statham Hall at 6pm, the goal of this initial meeting is to gather pertinent data and expert opinion in order to determine the feasibility of forming a coalition to design and implement this expansive outreach. An email will be sent within six months containing details of the Summit's outcome.

Southern Inyo Fire Protection District is grateful for the time and efforts of the Grand Jury.

Respectfully,

A handwritten signature in blue ink, appearing to read "Carl R. Dennett".
